

Fused Glass Workshops

with Elizabeth Mobley

Set a date. Bring a friend. Make fused glass art. Glass experience is not required. In these two-hour classes we will learn how to cut glass, setup a design and prepare it for firing.

All materials and tools are included. Must be able to grip and handle a cutting tool, similar to handling a small hammer. Please wear closed-toe shoes. Workshops are for ages 15 and up. Note: glass will need to be fired twice and will be ready for pickup the following week.
